DESTRUCTION OF TWO GERMAN SUBS. ANNOUNCED

REAL PINCH OF SHIPPING NEXT SPRING

Shortage of Vessels Pointed Out By Stevens, Who Urges Change in Law.

By Associated Press Dispatch.

Atlantic City, N. J., September 19.—Within the next six months the demand of the American army abroad will require that the government divert every available merchant ship to overseas service, R. B. Stevens, vice chairman of the United States Shipping Board today told the war convention here of American business men.

The real pinch in the world shipping situation will come, Mr. Stevens said, early next spring before the government has begun to turn out vessels in large numbers.

He urged business men to go to Congress in support of a bill now pending to empower President Wilson to suspend provisions of the shipping laws so that neutral vessels may be permitted to engage in American coastwise trade.

TRAGEDY IN NEW ENGLAND

By Associated Press Dispatch.

New Britain, Conn., September 19.—Mrs. Anne Tobin, 25, was found dead in the street here today with her throat cut. Nearby lay Wm. J. Wise, said to be connected with the Quarter Master's Department at Ft. Slocum. His throat also was cut. His recovery is expected.

The woman's husband, John D. Tobin, is being held by the police, although the authorities intimate the case may be one of murder and attempted suicide. A razor was found but its ownership has not been established.

AGREEMENT IS ANTICIPATED

By Associated Press Dispatch.

Washington, September 19.—Labor department officials today expressed the opinion that there is "some prospect of adjustment soon" of the ship-builders and iron workers strike in the west.

The estimate was based largely upon a telegram from W. T. Boyce, assistant commissioner of immigration at San Francisco, who is acting as conciliator.

Mr. Boyce reported conferences last night and said he expected to resume them today.

STRANGE "BIRD" VISITS PALESTINE AND AMAZES THE ARAB POPULATION

A rare bird, rare in Palestine, made its initial appearance before the natives, and left them dumfounded when they saw a man take his seat in the machine and fly with the other birds of realms above. The photograph shows a group of natives looking at a British

airplane on the Palestine front, while a Royal Flying corps mechanic, whose Arabic is rather limited, tells them of the uses of the large bird. Though they marvel at the modern invention, they exhibit no inclination to go up but remain faithful to Balala's steed.

EVERY ARMY CAMP TO HAVE ITS OWN WEEKLY NEWSPAPER

Y. M. C. A. Makes It Possible to Publish Paper in All Camps

Noted Writers and Cartoonists to Aid in Entertaining Soldiers.

By Associated Press Dispatch.

Washington, September 19.—Plans for publication of a soldiers' weekly newspaper in every national, army and national guard camp, beginning September 30th under the auspices of the National War Work Council of the

Y. M. C. A. was announced here today by John Stewart Bryan, publisher of the Richmond News-Leader, who arranged the details of co-operation among the publishers which will make the work possible.

Among contributors will be Col. Roosevelt and many of the best-known newspaper workers and cartoonists included among the latter being James Montgomery Flagg.

President Wilson has indorsed the plan. The general management of the paper will be under the personal direction of Mr. Bryan and the co-operating publishers throughout the United States will compose an advisory board.

The plan grew out of a conference last July in which Mr. Bryan was assigned to visit all camps in the south before going to Europe.

"The plan" said Mr. Bryan today

was worked out by which the Y. M. C. A. could furnish 4000 copies to each cantonment; four of these pages to be supplied from the New York office to the co-operating publisher and the other four pages of camp news to be set up and presswork done by local newspapers.

Noted Writers and Cartoonists to Aid in Entertaining Soldiers.

DEPUTY MAY FACE DEATH FOR TREASON

Associated Press Cable

Paris, September 18.—(Delayed)—The procurator General of Appeals Court has addressed a communication to parliament asking for suspension of immunity in the case of Deputy Louis Turmel. The procurator general points out that Turmel gave three different explanations concerning the origin of the 25,000 francs in Swiss bank bills found in his locker room and further remarked that magistrate Gilbert, charged with investigation of the case, twice served a subpoena on Turmel yesterday but the latter ignored the summons.

It was stated tonight that the authorities, as a result of the facts obtained through Magistrate Gilbert's investigations, contemplate changing the original charge of trading with the enemy to the more grave one of treasonable dealing with the enemy which is punishable with death.

If the charge is changed the military courts will act.

American Steamer and British Destroyer Account for Pair of U-boats, Says Norwegian Report.

Russians Active on Moldavian Front. British Lose Many Men—German Losses Enormous.

By Associated Press Dispatch.

News dispatches from Norway report the sinking of two German submarines, one of which is said to have been sent down by an armed American steamer and the other by a British destroyer. A half-dozen prisoners were secured from the two U-boats.

Russia's army is continuing its activity on the Moldavian front and has won another success. Petrograd reports the occupation by Roumanian troops of a Teutonic position on a height near Grozichti. The Russian front proper is comparatively quiet, neither side apparently being engaged in any important operations.

Reports from the British front in Flanders continue to mention only air raids and artillery activity. Notwithstanding that virtually all the recent London official statements have been lacking in records of major operations the British casualty list discloses that there has been heavy fighting.

Casualties on all fronts during the week ending yesterday totaled more than 27,000, of which the killed numbered 4,890.

The German casualties for specific periods are not available but observers at the front calculate them as extremely heavy in this sort of fighting now in progress.

The Norwegian foreign office announces the destruction by German submarines of two Norwegian steamers, aggregating 6000 tons.

AMERICAN STEAMSHIP TORPEDOED

London, September 19.—The American steamer *Platuria* was torpedoed by German submarine on September 15. Forty-five survivors have been landed by the Italian steamer *Andrea*. The master of the *Platuria* and 8 of the crew were drowned.

TRIMMING THE KAISER OF GERMANY SEEMS TO BE EASY FOR THIS YOUNG AMERICAN SOLDIER

If trimming the Kaiser is as easy for our army as it is for this cartoonist in khaki, our soldiers will soon end the war. Of course, everyone understands that before the Kaiser gets his trim-

ming as per these specifications someone will have to catch him, and that's what our boys are on their way to do. The cartoonist is a member of the First field hospital of the Twenty-sev-

enth division, the New York National Guard. He is employing his ability with chalk to decorate the side of this car while waiting at the railroad station for the train to his camp.

OFFICERS WILL BE SENT TO EUROPE TO STUDY CONDITIONS

Officers to Get Information First Hand in Tour of Battlefronts and Use in Training.

By Associated Press Dispatch.

Washington, September 19.—Regular and National Guard officers commanding divisional training camps are to be sent to Europe on an observation tour of the battle front, returning to carry out their training duties at the close of the tour.

The War Department is expected to make formal announcement of this plan shortly.

The training of the National Guard and regular army divisions will be left to the Brigade and Regimental commanders leaving the officers of the divisional staff to handle the larger questions.

The first week will be devoted largely to getting the men equipped and classified, and that period will be devoted to the observation tour abroad for general officers.

Under the voluntarily censorship specific movements of general officers may not be published without authorization.

OHIO SENATOR IS MISSING

By Associated Press Dispatch.

Washington, September 19.—Agreement on the war credits bill authorizing \$11,538,000,000 of new bonds and certificates was reached today by Senate and House conferees, with no changes in the measure.

Adoption of the conference report by the Senate tomorrow, and by the House on Friday, is planned. Minor changes were made by the conferees.

The bill authorizes \$7,538,000,000 of new convertible four per cent bonds subject to income surtax and war excess profits taxes. Of these, \$4,000,000 are for new loans to the allies, the remainder to convert to the 3 and one-half per cent Liberty loan and to refund miscellaneous bond issues.

Issuance of \$2,000,000,000 of war savings certificates and the same amount of short term treasury certificates of indebtedness also was provided.

AUSTRIAN REPLY IS COMPLETE

Will Be Discussion of Proposals and Contain No New Offers, 'Tis Claimed.

(Associated Press Cable)
Amsterdam, September 19.—Austria's reply to Pope Benedict's peace proposals, it is declared, will be handed to the Papal Nuncio at Vienna on Thursday, and will be published on Saturday.

The reply will confine itself to a detailed discussion of the Pope's suggestion. The report that it will contain new and astonishing peace proposals, is absolutely at variance with the facts, it is declared.

MAY GO TO FRANCE

(Associated Press Cable)
Washington, Sept. 19.—The sudden withdrawal of Major General Charles G. Treat from command of the Ohio national guard division at Camp Sheridan, Montgomery, Ala., may forecast an early participation by Ohio soldiers in European warfare. General Treat was summoned here. He may be sent to France at once.

CITIZENS BID BOYS GOD SPEED

Thirty-four Young Men Take Departure for Training Camp—Every Man in Line—Touching Scenes at Station as Time for Leaving Approaches.

Amid a chorus of goodbyes and well-wishes, 34 of Fayette county's best young men took their departure for military training camp at Chillicothe, Wednesday morning, and a crowd of 1,500 to 2,000 persons assembled at the union station to see them off and wish them well.

The train did not arrive until 30 minutes after the time set, and as it drew in, with the heads of nearly everyone of the 98 men from Greene county sticking out of the windows, the crowd cheered.

The men were ushered into coaches and as the train pulled out there was a chorus of goodbyes, and men, women and children brushed the tears from their eyes and took their departure with heavy hearts.

The High School and eighth grade children assembled at the station, many of them having friends among the departing men, some 360 of the pupils having been dismissed for the event.

The alternates were present but it was not necessary to press any of them into service, as every one of the 34 men was in line, most of them carrying small handbags or bundles of extra clothing.

James Ballard was placed in charge of the men, and Ralph Beatty was named assistant. Each man bore a tag on his coat lapel bearing the inscription "Fayette County."

ALL MEN LOCATED NO ONE A SLACKER

The Local Board has located the four men called for examination on Monday of this week, and who failed to report.

Wesley Sword is a member of Company M, now at Camp Mills, Long Island.

George Washington Kelley had moved to Highland county and had not received word, although he had made what he believed were necessary arrangements for being notified when the call came.

"Glenn Anders" should have been

Gurn Anders, and when the proper

man was called, he responded at once.

Sylvester Johns had arranged to be examined Tuesday, and was examined at the time set.

Many of the men passed have filed exemption claims, and it is more than probable that very few more than a score of men will be obtained from the men who passed.

ROBERT LANUM HAS PROBABLY LANDED IN FRANCE

No date, no postmark nothing but the Canadian stamp, marked three letters received from Robert Lanum at the U. S. The letters were written on the Atlantic and were to be kept five days before being forwarded, the inference drawn from these facts that they were written about three weeks ago.

Young Lanum's host of interested friends in this city are glad to learn that he is well and enthusiastic over work of his squadron.

HOUSEWORK AND CARE OF CHILD IS EASIER NOW

Woman Says Duties Used to Be Hard, But It's Different Since Tanlac Brought Back Her Old Time Strength.

"I certainly can recommend Tanlac to anybody," said Mrs. J. Sennett, 113 E. Fifteenth street, Covington.

"I tried about everything before I took Tanlac but it seemed that I could find nothing that would help me. I was so nervous that I could hardly sit still."

"My stomach was out of order, too. Gas would form in my stomach after eating and nothing agreed with me."

"It was getting so that I could hardly do my housework and care for my little girl too."

"Mrs. Chandler, of Covington, recommended Tanlac to me and I decided to try it."

"I had taken about a bottle and a half of Tanlac when I noticed a marked change in my condition. My appetite came back and I discovered that the food I ate agreed with me."

"Then I got stronger and the nervousness disappeared. I sleep fine every night now and feel good during the day."

"I'm able to do all my housework now and give my little girl the care she must have and I don't get aggravated and irritable at the dear child like I used to."

Tanlac is a purely vegetable tonic designed to build up run down systems. Get Tanlac today if you are not feeling right at Blackmer & Quan's drug store; C. S. Haver's drug store, or Frank Christopher's drug store.

ALLEGED SLACKER TO BE DISCHARGED

Guy S. Royston, alias Guy Harris, of Gregg street, this city, arrested some two weeks ago at Athens, Ohio, and since that time held in the Washington County jail (Marietta) has been certified over to the Washington County Local Board for examination, with a recommendation for his discharge, on the grounds of dependents.

The young man registered in this city and when called for physical examination, could not be located.

When he was found he was placed under arrest for having evaded the conscription law. However, investigation disclosed that the man had gone to near Athens to take up work, and had made no attempt to avoid military service. He has a wife and two small children.

TYphoon in China Kills 600 Natives

Great Property Loss Is Also Suffered at Amoy and Surrounding District.

Associated Press Cable

Amoy, China, September 17.—(Delayed)—More than 600 natives were killed by the typhoon which struck Amoy without warning last week, and 85 per cent of the watercraft in the harbors was destroyed. No foreigners were lost.

Outlying districts cannot be communicated with and it is feared that great damage has been done there. One village reports that only 16 out of 200 fishing boats were saved. The Japanese steamship Maru of 2356 tons gross is on the rocks opposite Kulangsu, and it is doubtful if she can be salvaged.

The former German steamship Toykoeng-Wai of 1777 tons gross is also in a hopeless position on the rocks.

STOPS FEES IN CRIMINAL GASES

Police departments of many Ohio cities will lose a portion of their former revenue, due to the sending out of notices by the state bureau of accounting recently that it will make findings for recovery for fees paid to chiefs of police and marshals for assistance they render in state criminal cases.

The notice is based on a decision of the Cuyahoga county court of appeals in a case in which the chief of police of Cleveland sued for the fees.

The court held the law is not definite enough in saying what the fees shall be. It says they shall be the "same fees as sheriffs and constables receive in similar cases." Sheriffs and constables do not get the same amount of fees.

O. W. U. GRIDIRON DATES ANNOUNCED

New York's "Pet" Seventh Marches Away to War

DEPARTURE OF NEW YORK'S FAMOUS SEVENTH REGIMENT

COLONEL FISK

The Seventh, one of New York city's most famous regiments marched down Fifth avenue toward France between vocal walls of cheering friends. In the departure of the "dandy Seventh," command by Colonel Willard C. Fisk, shown in the pictures, even those whose acquaintance did not extend to members of the regiments seemed to sense that the city itself was marching forth to war.

There was more of the personal element in the farewell to the Seventh than in the greeting that the city extended to the Twenty-seventh division on its "farewell" parade not long ago. Even after five months of war New York finds it easier to think in terms of regiments than of divisions.

Yielding to the intimate spell, man after man darted through the jam of spectators and thrust out a hand to grasp the arm or slap the shoulder of a departing infantryman. The halls

to individual marchers that continually pierce the din of the general farewell showed that war has put the woolen sock on the regiment which a few months ago was known to some as "the silk stocking regiment."

The departure of the Seventh differed from all the other parades of late in that the dense crowd along the line of march to the Twenty-third street ferry marched with the troops. Twenty-third street, one of the city's widest thoroughfares, was packed, and when the regimental band marched with swinging step into the ferry building playing "Auld Lang Sync" there was standing room only in the spacious plaza facing the North river freight and passenger buildings.

At the ferry building, the police, who had not underestimated the possibilities of the occasion, simply had to content themselves with looking dignified and acting as amiably as

they knew how. The crowd swarmed all around them. Thousands of women—mothers, wives, sweethearts and sisters—eluded the blue uniforms by seeking protection at the hands of the khaki clad boys and in that way slipped through the gates leading to the ferryboat. They were turned back, however, at the boat, and only a few actually crossed the river with the soldiers. The waiting rooms on both sides of the ferry were jammed.

The Jersey Central terminal, where the regiment entrained, was a repetition of the spectacle. The crowd of parents, friends and relatives was overjoyed when the railroad officials opened the gates leading to the special troop trains, permitting thousands to say goodby to their particular soldiers. Here farewell receptions were held till the trains pulled out for Camp Wadesworth, Spartanburg, S. C.

announcement by the secretary of the treasury, no charge will be made for the issue of bonds of smaller denominations in exchange for bonds of larger denominations; nor for the issue of coupon bonds in exchange for registered bonds, all such charges being waived for the period indicated as an encouragement to the acceptance of bonds of larger denominations and of registered bonds, in the first instance. No charge will be made for the transfer of registered bonds."

By American Press

Washington, Sept. 19.—Delivery of Liberty bonds to subscribers will begin Sept. 26, according to a statement issued by Secretary of Treasury McAdoo. The twelve federal reserve banks will distribute the issue. Considering the probable retention by subscribers of interim certificates, already issued, officials estimate that the work of distribution will require several weeks.

The huge issue is larger in the number of bonds required than first reports, based on more than 4,600,000 individual subscriptions, indicated. The number of coupon bonds, Secretary McAdoo announced, is estimated at 92 federal reserve banks as in excess of 8,700,000 pieces, of which more than 7,000,000 are of the \$50 and \$100 denominations.

In announcing the date for the commencement of deliveries Secretary McAdoo repeated his suggestion that holders of interim certificates would find it to their advantage in many instances to hold the certificates, instead of exchanging them for bonds until congress disposes of the bill authorizing 4 per cent interest rate on the next offering.

"It is apparent," reads Secretary McAdoo's statement, "that if pending legislation should be enacted and bonds should be issued bearing interest at a higher rate than 3½ per cent per annum and exempt from the normal income tax, in view of the resulting privilege of conversion, the demand for definite 3½ per cent Liberty bonds, particularly those of the small denominations, would be greatly reduced. It is apparent, also, that much of the demand for bonds of small denominations comes through employers and others, who have subscribed for bonds for their employees and customers under arrangements allowing the latter to make payment in installments over an extended period, and therefore the immediate delivery of definite bonds is not required."

Five officers were picked to go once to Fort Sill, Okla., for special instruction at the army training camp there. When they return they will instruct officers here in special work they have studied, so that the officers in turn may teach the privates.

mail rates are again to front

By American Press

Washington, Sept. 19.—Considerable delay in final action on the war tax bill is foreshadowed by differences that have developed between the senate and house conferees.

The conferees definitely decided to adopt a zone system for increasing second-class mail rates, and discussed the war profits and income tax sections at length. Usual scenes attending important tax legislation are being re-enacted, with eleventh-hour representations of interests involved, many agents of business interests in intercom, conferees button-holed in corridors and consulted in their offices, and many long-distance telephone calls.

The question of publications' postage rates, just tentatively settled, was one of the most troublesome of the conference. Details are still open to final determination. A compromise incorporating provisions of the house zone plan, the McAdoo amendment and Senator Hardwick's system of increased rates on advertising portions is being worked out.

Final orders for necessary food and bedding were rushed through to provide every man with these necessities. Clothing issue will come later. Properly housed and fed, the men will get along well.

Today's contingent is the first of 40 per cent that will come in up to Sunday night. Thursday there will be 3,658, Friday 5,581, Saturday 9,47 and on Sunday 1,450, making a total of 15,513, not considering about 1,000 coming from western Pennsylvania.

Most of the men who came the week of Sept. 5 got their second "shot" of anti-typhoid serum yesterday, and many are feeling the effects which will pass quickly. Only in a few serious cases has it kept the rookies from drilling.
